ACCEL-6300

These dot-matrix printers automatically detect forms thickness, adjust print gap, and switch paper paths and interface. They'll even print on multipart forms containing up to seven parts plus carbons. Text prints at 600 cps in draft-quality, 320 cps in memo-quality, and 160 cps in letter-quality (high-resolution graphics are included). These printers have three separate paper paths with automatic forms loading and parking, first- and last-line printing, and forms-on-demand so you never waste a form.

ACCEL-6300 series printers feature:

- ✓ Patented Select-dial control panel
- ✓ 24-wire printhead
- ✓ Color printing capability
- ✓ Four internal fonts plus bar code symbologies
- ✓ A variety of pitches and line spacings
- ✓ Auto-sensing of forms thickness and print gap control
- ✓ Auto-switching between paper paths
- ✓ Auto-switching between parallel/serial ports
- ✓ Universal power supply
- ✓ Intelli-card for easy and instant upgrades
- ✓ One-year return-to-factory warranty

ACCEL-6300 printers emulate the Diablo 630, Epson JX, Epson LQ-2550 (including Epson LQ-1500 and LQ-2500), and the IBM Proprinter XL24. Many other emulations are available as upgrades.

Narrow-carriage models (6310 & 6310d) have an 11-inch print line on 12-inch wide paper. Wide-carriage models (6350 & 6350d) have a 16-inch print line on 17-inch wide paper.

Printer Options

AMT6350	wide carriage	$	1995
AMT6350d	wide carriage and motorized, bottom-feed tractor	$	2595
AMT6310	narrow carriage	$	1895
AMT6310d	narrow carriage and motorized, bottom-feed tractor	$	2495

ACCEL-5350

These printers handle multipart forms at 480 cps in draft-quality, 200 cps in memo-quality and 80 cps in letter-quality (high-resolution graphics are included). These printers also provide three paper paths with automatic forms loading and parking, first- and last-line printing, and forms-on-demand so you never waste a form.

ACCEL-5350 series printers feature:

- ✓ Patented Select-dial control panel
- ✓ 24-wire printhead
- ✓ Color printing capability
- ✓ 16-inch print width on 17-inch wide paper
- ✓ Four internal fonts
- ✓ A variety of pitches and line spacings
- ✓ Parallel and serial ports
- ✓ Intelli-card for easy and instant upgrades
- ✓ One-year return-to-factory warranty
- ✓ Optional internal bar codes

ACCEL-5350 printers emulate the Diablo 630, Epson JX, Epson LQ-2550 (including Epson LQ-1500 and LQ-2500), and the IBM Proprinter XL24.

Printer Options

AMT5350	wide carriage	$	1550
AMT5350si	super-impact printhead for printing on 12-part forms	$	1850
AMT5350d	motorized, bottom-feed tractor	$	2260
AMT5350dsi	super-impact printhead and motorized, bottom-feed tractor	$	2560

Ribbons

Documax 6300

Get speed, bar code flexibility and OCR capabilities from a printer that delivers multi-part forms. And count on long-lasting performance from this industry standard known for reliability.

Documax 6300 series printers feature:

- ✓ 18-wire printhead
- ✓ Straight paper paths
- ✓ Superior engineering
- ✓ Up to 6-part forms printing
- ✓ Up to 622 characters per second
- ✓ Bar code, OCR and industrial graphics printing
- ✓ Zero tear-off design prints every form
- ✓ Compact foot-print
- ✓ Automatically switches between voltages
- ✓ One-touch operation and four pre-configured settings
- ✓ Dual tractor model switches between two forms
- ✓ One-year return-to-factory warranty

Documax 6300 printers emulate the Epson FX, IBM Proprinter, DEC LA120 and DS180.

Printer Options

107040.1	A6300	Auto-volt	$	2595

XL400

Put this heavy-duty dot-matrix printer to work on forms up to 15 inches wide. The XL400 consistently delivers quality on multi-part forms to 6-parts.

XL400 series printers feature:

- ✓ Print speeds to 400 cps
- ✓ Intelligent push-button operation for ease of use
- ✓ High-powered ballistic print head and flat metal platen
- ✓ Straight paper path
- ✓ Round-the-clock, high-duty cycle applications
- ✓ Value priced
- ✓ One-year return-to-factory warranty

XL400 printers emulate the IBM Proprinter, Epson FX, and DEC LA120. Optional emulations include Epson MX, IBM Graphics, and Diablo 630.

Printer Options

105833.1	XL400	115V	$	2095
105833.2	XL400 (not CE marked)	230V	$	2095
105833.3	XL400-ANADEX (Diablo 630)	115V	$	2095

Ribbons

105453	XL400 ribbon	$	26

Printer Stand

101773	Printer Stand	$	170

Documentation

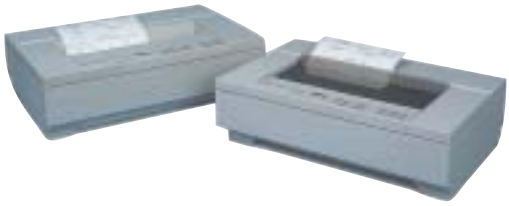
Upgrades and Emulations

104919	IBM Coax/Twinax DUAX kit	$	895
106384	ETHERNET LAN kit	$	595

XL300 and XL300DD



Expect heavy-duty performance from this dot-matrix printer. With a field-proven wide-carriage design, the XL300 Series delivers quality on multi-part forms to 9-parts and up to 15 inches wide.

XL300 series printers feature:

- ✓ Print speeds to 300 cps
- ✓ Intelligent push-button operation for ease of use
- ✓ High-powered ballistic print head and flat metal platen
- ✓ Pull and push tractor versions
- ✓ XL300DD's optional tilt base makes form loading easy
- ✓ Straight paper path
- ✓ Round-the-clock, high-duty cycle applications
- ✓ Value priced
- ✓ XL300DD's push tractors offer zero tear-off and minimizes forms wast
- ✓ One-year return-to-factory warranty

XL300 and XL300DD printers emulate the Epson FX, DEC LA120 and DS180.

ACCEL-340

These printers handle five-part forms at 320 cps in high-speed draft-quality, 270 cps in draft-quality and 90 cps in letter-quality (high-resolution graphics are included). These printers also provide three paper paths with automatic forms loading and parking, first- and last-line printing, and forms-on-demand so you never waste a form.

ACCEL-340 series printers feature:

- ✓ Patented Select-dial control panel
- ✓ 24-wire printhead
- ✓ Nine internal fonts plus bar code symbologies
- ✓ A variety of pitches and line spacings
- ✓ Auto-switching between parallel/serial ports
- ✓ Two-position forms tractor
- ✓ One-year return-to-factory warranty
- ✓ Optional universal power supply

ACCEL-340 series printers emulate the Epson LQ-570/1070 and IBM/Lexmark 2390/2391 (including IBM Proprinter XL24).

Narrow-carriage models (342 & 342d) have an 8.5-inch print line on 12-inch wide paper. Wide-carriage models (344 & 344d) have a 13.6-inch print line on 17-inch wide paper.

Printer Options

AMT344	Wide carriage	$	695
AMT344d	Motorized, bottom-feed tractor	$	990
AMT342	Narrow carriage	$	669
AMT342d	Motorized, bottom-feed tractor	$	944

TracJet 4

The TracJet model offers everything you'll ever need in a pin-fed laser printer. With TracJet 4, printing forms, labels, tickets and tags has never been easier.

TracJet 4 laser printers feature:

- ✓ 24 page-per-minute print speed (1,584 lpm)
- ✓ Hewlett-Packard PCL-5 and HP-GL/2 emulations
- ✓ ASCII text mode with intelligent page formatting
- ✓ Accepts forms from 4 to 10 inches wide
- ✓ Image area from 3 to 33 inches long
- ✓ Perf-to-perf printing
- ✓ 300 dots per inch resolution
- ✓ FLASH ROM BIOS for easy upgrades
- ✓ Selectable fuser temperature
- ✓ 4 MB memory expandable to 16 MB with SIMMs
- ✓ Quiet 53 dBA operation
- ✓ Straight-through, bi-directional paper path
- ✓ Over 60 bitmapped and scalable fonts
- ✓ IEEE 1284-compatible parallel port
- ✓ RS-232-C serial port
- ✓ Toner kit (16,000 pages)
- ✓ 3-million-page engine life
- ✓ Pop-out fuser assembly
- ✓ One-year return-to-factory warranty

PCL-5, HP-GL/2, and ASCII emulations; over 60 scalable and bitmap fonts including POSTNET and bar code; 4-megabyte memory expandable with SIMMs; and more. Refolding stacker option available.

Fastmark 400 Series

Desktop Thermal Printer

The Fastmark 400 Series printers are full-featured and value-priced for your low to moderate printing applications. These desktop thermal printers offer all the advantages of large label and tag printers at a fraction of the cost.

Fastmark 400 Series printers feature:

- ✓ Two- and three-inch per second print throughput
- ✓ Thermal transfer and direct thermal
- ✓ Clamshell design for Easy loading and reloading of consumables
- ✓ Tough, high-impact ABS housing and all-metal print mechanism
- ✓ Resident industry standard barcodes and 2D symbologies
- ✓ Expandable memory options
- ✓ External Ethernet connectivity
- ✓ Optional stand-alone keyboard with LCD and format storage
- ✓ Exceptional 203 or 300 dpi print resolution
- ✓ Cut or peel and present options
- ✓ Affordable - Great ROI
- ✓ Compact desktop design
- ✓ Windows drivers and free label software
- ✓ One-year return-to-factory warranty, 6 months printhead

The Fastmark 400 Series printers offer advanced features, flexible options and easy operation.

Fastmark 4000 Series

Desktop Thermal Printer

The Fastmark 4000 Series printers are the most economical industrial thermal printers in their class. Robust, rugged and high performance are the hallmarks of the Fastmark 4000 Series.

Fastmark 4000 Series printers feature:

- ✓ Two- to six- inch per second print throughput
- ✓ Thermal transfer and direct thermal printing
- ✓ Full-function front panel for easy installation, configuration and operation
- ✓ Solid metal casing, frame and printing module construction
- ✓ Resident industry standard barcodes and 2D symbologies
- ✓ Expandable memory options
- ✓ External Ethernet connectivity
- ✓ Accepts data input from PC keyboard and scanned barcodes
- ✓ Exceptional 203 or 300 dpi print resolution
- ✓ Cutter, peel and present with internal rewind
- ✓ Variable position Gap/Notch sensor
- ✓ 32 bit RISC processor
- ✓ Windows drivers and free label software
- ✓ One-year return-to-factory warranty, 6 months printhead

Whether demand or batch printing applications, the Fastmark 4000 Series printers offer value-priced versatility.

CodeWriter 4500

The CodeWriter 4500 is the *right answer* if you ask: Should my application require standalone capabilities? Interpretation of legacy streams? Scanned input or keyboard interface? The 4500 series line of printers fill your need. A true cost-effective solution for your most demanding print applications. These printers handle bar code applications with truly intelligent print management that we call *Printer Application Language* (PAL) that allows the unit to act as its own host.

CodeWriter 4500 series printers feature:

- ✓ Five- and ten-inch per second print throughput
- ✓ Front panel display
- ✓ Easy loading and reloading of consumables
- ✓ Rugged, steel case for industrial environments
- ✓ Resident industry-standard barcodes and 2D symbologies
- ✓ 4MB memory standard—up to 16MB optional
- ✓ Optional internal Ethernet connectivity
- ✓ Accepts data input from PC keyboard and or scanner
- ✓ High-quality 300 dpi resolution
- ✓ Stores complex data and applications in FLASH memory
- ✓ On-line and stand-alone operational intelligence
- ✓ Affordable
- ✓ Compact foot-print
- ✓ Windows driver and free label software
- ✓ One-year return-to-factory warranty

CodeWriter 4500 Series printers ship with a CD-ROM containing Windows drivers, label design software, sample label formats and softcopy manuals.

Printer Options

108000.1	CodeWriter 4505 5 ips, 300 dpi, 4.25" wide, 6.5" media roll	115V	$	1595

Sigma Data-7200

Desktop ATB1 and ATB2 Printer

The Σ DATA-7200 is a Desktop ATB1 and ATB2 printer that offers the ultimate in flexibility with thermal transfer or direct thermal capabilities. Reasonably priced, compact and durable, this is the printer of choice for today's busy airline ticketing offices, check-in counters and travel agencies.

- ✓ Direct thermal and thermal transfer models
- ✓ Front revalidation slot
- ✓ Two secured input bins with optional third bin
- ✓ 24 coupons per minute
- ✓ Compact and durable for limited space areas
- ✓ Variable document handling
- ✓ Flexible communications

Printer Options

Σ DATA-7200 **DT**—direct thermal with adjustable darkness setting, simple printhead cleaning and replacement

Σ DATA-7200 **TT**—thermal transfer with end and near-end detection, adjustable darkness setting, simple print head cleaning and replacement

Accessories

5000 coupon thermal transfer ribbon (1 box includes six ribbons and one ribbon loader)

Magnetic head cleaning card

Roller cleaning card

Print head cleaning kit

Options

STP modem package

Expanded Output Bin

Magnetics comply withIATA RP 1722 Resolution 722e, four tracks at 210 bpi, read, write, write verify, and SCN read.

Document handling includes ATB1, ATB2, Continuous fanfold stock (8 inch and 7-3/8 inch) direct thermal and thermal transfer, revalidation front feed slot, two internal secured bins with 500 coupon capacity each with an optional third external bin with 1000 coupon capacity; output bin with 100 coupon capacity with bin-full sensor.

Communications input port (DB25 RS232C) and output port (DB25 RS232C) with baud rates of 1200, 2400, 4800, 9600 and 19200; programmable hardware and software serial handshaking; fully programmable host communicaton protocols.

Host protocols and AEA versions compatible with any host system available upon request.

Journey

Desktop ATB1 and ATB2 Printer

A new price point for full featured Desktop ATB1 and ATB2 printers. Ideal for travel agencies, STPs and CTOs, the Journey Desktop Printer complements electronic ticketing.

- ✓ Direct thermal printing
- ✓ Simple, straight paper path for more reliability and less maintenance
- ✓ Adjustable darkness setting
- ✓ Simple printhead cleaning and replacement
- ✓ Legible OCR B, Letter Gothic 5, 10 17 cpi, and Bold fonts with full scaling and rotation
- ✓ High performance print speed produces 7 to 10 coupons per minute
- ✓ Accessible IATA RP 1722 Resolution 722e Magnetics
- ✓ Simple document handling
- ✓ Flexible communications
- ✓ Compatible AEA '94 PECTAB programming

Options

1,024 K RAM

Printer Stand

Sharp direct thermal printing at 203 dpi with adjustable darkness setting and simple printhead cleaning and replacement.

Full font scaling and rotation for OCR B, Letter Gothic 5, 10, 17 cpi and bold fonts.

Accessible IATA RP 1722 resolution 722e Magnetics with 4 tracks at 210 bpi; read, write, write verify; SCN Read; and modular design for service.

Document handling is simple with burst fan-fold stock, key lock input bin (500 coupons) and output bin (400 coupons) and accessible paper path.

Flexible communications system has host/modem RS-232C port; itinerary printer RS-232C port; baud rates at 1200, 2400, 4800, 9600, 19200, 38400, and 57600 with full hardware and software handshaking; modem control signals; protocols compatible with any host.

Compatible AEA '94 PECTAB programming with minimum of 8 PECTABS in non-volatile memory.

Up to 4 feature profile selectable by one touch front panel keys.

The Journey Desktop ATB Printer is an affordable, adaptable and high-performance alternative to other ticket printers. With effortless stock loading and an easily accessible jam-free paper path, one can expect superior reliability from a printer that is practically maintenance free.

Journey II

Desktop ATB1 and ATB2 Printer

Now is the time to say *bon-voyage* to a second printer. The Journey II Desktop Printer is a one-way ticket to productivity. With its external input slot, the Journey II will not only print tickets but also mini-invoices and -itineraries.

- ✓ Two bins for more productivity
- ✓ Unique and simple straight paper path for more reliability with less maintenance
- ✓ Effortless stock loading and easily accessible paper path
- ✓ Secure, easily accessible Reject Bin for separating voided tickets
- ✓ 203 dpi printing
- ✓ Adjustable darkness setting
- ✓ Simple printhead cleaning and replacement
- ✓ Legible OCR B, Letter Gothic 5, 10, 17 cpi, and Bold fonts with full scaling and rotation
- ✓ High performance print speed produces up to 20 coupons per minute
- ✓ Accessible IATA RP 1722 Resolution 722e Magnetics
- ✓ Flexible communications
- ✓ Compatible AEA '94 PECTAB programming

Options

- 1024K RAM
- Printer Stand
- STP Modem Kit
- Time/Date Capability

Sharp direct thermal printing at 203 dpi with adjustable darkness setting and simple printhead cleaning and replacement.

Full font scaling and rotation for OCR B, Letter Gothic 5, 10, 17 cpi and bold fonts.

Accessible IATA RP 1722 resolution 722e Magnetics with 4 tracks at 210 bpi; read, write, write verify; SCN Read; and modular design for service.

Document handling is simple with burst fan-fold stock, key lock input bin (500 coupons) and external input bin (1000 coupons) and key lock output bin (200 coupons) a secured reject bin (50 coupons) and accessible paper path.

Flexible communications system has host/modem RS-232C port; itinerary printer RS-232C port; baud rates at 1200, 2400, 4800, 9600, 19200, 38400, and 57600 with full hardware and software handshaking; modem control signals; protocols compatible with any host.

Compatible AEA '94 PECTAB programming with minimum of 8 PECTABS in non-volatile memory.

As the "one-stop print shop," the Journey II combines rugged durability with advanced capabilities for all types of ticketing applications. Specially designed for maximum productivity, minimum maintenance and ease-of-use, this is the choice for low-cost ATB direct thermal ticketing applications.

Go beyond the ordinary and discover the difference Journey II makes!

Documax A3300 Series

Multi-Form Printer

The Documax A3300 offers easy access and superior printing quality for TAT/OPTAT tickets, invoices, itineraries and other multi-part forms for travel, maintenance and cargo applications. Over 70,000 shipped to travel agencies thoughout the world.

- ✓ Windows® compatible
- ✓ Unique straight paper path design eliminates bunching and jamming
- ✓ Heavy-duty dot matrix printer ensures legibility on 9+ copies
- ✓ Dual tractor model allows for loading two different forms at once
- ✓ Compact size saves space
- ✓ Four user-designed profiles can be preset allowing form-settings changes with the touch of a button
- ✓ Ideal for bills of lading, manifest forms and other thick, multipart forms for cargo shipping and receiving applications
- ✓ Specially engineered design, prints every form and eliminates waste, saving thousands of dollars
- ✓ A special ribbon monitor feature reminds you to change the ribbon
